Do not mail entries/checks by any method that requires a signature upon delivery. Registration will be held inside the track in the White Tent.

Most GCR, SIR, TT or Rally vehicles are eligible to enter the TE and must meet the safety requirements for the class for which they are eligible. **Exception:** Open wheel and sports racer competition type vehicles are not eligible to participate in this PDX nor are high center of gravity (HCG) vehicles such as SUVs, pick-up trucks and vans.

Track: The TE will be run on Homestead-Miami Speedway's 2.21 mile road course

The use of **on-board timing systems** of any type is **not permitted**.

The use of any **cameras**, video included, are restricted to "in-car" attachment only as recommended by their manufacturer in a secure manner. Exterior camera mounting must be **bolted** firmly to an exterior body part.

In-car Instruction: TE fence line or on-track instructors will be assigned to each driver. Generally, in-car instructors **will not** be available. However, if requested and an in-car instructor is available, one may be provided at the discretion of the Chief TE Driving Instructor. The Chief TE Driving Instructor reserves the right to ride along with any participant.

Tech Inspection: will be held at the track at the times and areas noted in the event schedule. It is recommended that TE entrants have their vehicle "teched" on Saturday. **You must take your vehicle and a completed TE Pre-Tech Form to tech inspection at Garage 14. This form should be completed prior to arrival at the track.**

Track Familiarization Session: The purpose of this session is to give TE entrants the opportunity to drive the track at slow speeds. The TE group will be led around the course at a slow rate of speed for approximately 15 minutes. No passing or laying back to speed up will be tolerated. Cars will remain single file and must maintain the speed established by the pace, or lead, car(s).

Drivers Meeting: All entrants **MUST** attend the Sunday morning driver's meeting. The time and location is noted in the schedule. Failure to attend this meeting may disqualify the entrant from participating in the PDX event and their entry fee will not be returned.

Numbers, Classification of Vehicles and Timing: Numbers must be on both sides of the vehicle, be legible and be at least 8 inches tall with a 1.5 inch stroke and in a contrasting color to the vehicle. There will be no designated classes for this event nor will there be any "timing" of a vehicle during the event. If completing paper entry, please provide three number choices.

Flags: Flags for driver notification will be as noted and discussed at the Drivers Meeting. Failure to respond to a flag notification could cause an entrant to be prohibited from completing the remainder of the event.

Off-Course Excursions and Spins: Any vehicle leaving the paved course area with more than two wheels or spinning on course shall proceed safely to the Pit Area for discussion with event officials and/or vehicle inspection after receiving directions to proceed from a flag station.

Driving Sessions: Sessions will be as noted per the schedule and will be approximately twenty minutes in length. It is the driver's responsibility to be ready in the Grid area at the scheduled time. Failure to be ready per the schedule may cause the entrant to be prohibited from participating in that session.

TRACK EVENT (TE) SUPPLEMENTAL REGULATIONS, continued

Passengers: Passengers will not be permitted to ride along with TE entrants unless approved by the Chief Steward. All passengers must be SCCA members or have a Weekend SCCA Membership.

Passing: Passing will only be permitted in the four zones as noted on the course map and only after the driver of the overtaken car acknowledges with a hand signal that the overtaking vehicle may pass. The overtaken driver shall indicate on which side of the vehicle the pass should occur. The "passing zones" will be designated with traffic cones on one side of the track surface and at the edge of the pavement: ONE CONE to designate the beginning of the zone and ONE CONE to designate the end of the zone. All passes must not be started before the FIRST cone and must be completed by the end of the designated zone marked by the SECOND cone. Slower vehicles must allow faster vehicles to pass in the designated zones. Failure to adhere to these passing procedures may result in a Black Flag given to either driver.

A Track Event (TE) is not a race, therefore tailgating or "dive bombing" the car in front of you, especially in turns or at the beginning of a passing zone, is inappropriate and unsafe. A minimum of 1 1/2 to 2 car lengths must be maintained between vehicles at all times except when passing. Failure to adhere to this requirement will result in penalties as determined by the Chief Steward
