SCCA Welcoming Environment Statement

The SCCA strives to ensure ALL participants at its events and activities enjoy a welcoming environment. The SCCA supports equality of opportunity and treatment for all participants and will make every effort to maintain an environment that is free of harassment, discrimination and any behavior that interferes with a safe, fun and exciting experience. A commitment to a welcoming environment and the SCCA Values is expected of all members and attendees, including drivers, workers, crew, guests, staff, contractors and exhibitors, and other participants at SCCA activities, sessions and social events when representing the SCCA in print or electronic media.

SUPPLEMENTARY REGULATIONS Sanctions 18-R-5355-S,18-E-5356-S,18-TT-5872-S

This event includes SCCA Regional Races and a Unrestricted Time Trials. Please read these regulations carefully and pay attention to the schedule to ensure you know the requirements and schedule for the activity in which you are participating.

The following items pertain to both the Regional Races and the Time Trials

This event is held under the 2018 General Competition Rules, based on the 2018 GCR and Category Specifications and the 2018 SCCA Time Trials Rules (TTR), as amended for 2018 per "FASTTRACK", 2018 SEDiv SARRC Rules, 2018 SEDiv Rules, SEDIV ECR Enduro rules at www.sedivecr.com, the Central Florida Region/Tropical Endurance Series (TES) Enduro rules, and, and [Florida Cup rules](#) as published on the appropriate websites. CFR/TES guidelines can be found on the web at www.cfrscca.org. These supplementary regulations apply to the sanctioned events listed above, sanctioned events shall not be considered as separate events for purposes of interpreting these regulations. Updated event info may be available at www.cfrscca.org.

Pit Stop timing (timing loops) will be in effect for the ECR/TES Enduro! A minimum of (3) 5-minute pit stops (plus transit time) will be required, at approximately 1.5-hour intervals for the 6 hours, and one stop for a 3 hour segment. The required Pit stops will be 5 minutes plus entire pit lane transit time of 26 seconds at 35 mph. All stops with fueling must be 5 minutes + 26 seconds. Cars with a short pit stop for the required stops may be shown car number and a "Short" sign at black flag stations. Drivers may pit for a drive-through or a stop & go penalty depending on length of pit stop shortage or be penalized at race end; follow directions of Pit Lane staff. If the short stop penalty is not taken during the race, the traditional end of race calculation, using a pit lane transit time of 13 seconds at 35 mph, will be applied to calculate the penalty. This penalty will apply for each short stop taken for the required stops.

This TES/ECR Enduro is two (2) 3-hour Enduros run consecutively, with TES and ECR points for each, from 3 pm until 9 pm. At the 3-hour mark, a waving Checker and waiving Green flag will be displayed. Entrants for the 2nd 3-hour segment will be released from pit lane, and entrants ending the 1st 3 hour segment will enter pit lane after receiving the flags. The Registrar will be available for entrants wishing to purchase the 2nd 3-hour segment. Headlights and at least one functional taillight and brake light will be required after approximately 8 PM. After taking the checker flag at the end of the 6-hours, all cars not required to go to impound will exit the track at turn 17 before the bridge, using the Grid Out entrance. All top 3 leaders will continue under the bridge and enter the road immediately after the bridge to go to impound area in front of the winners' circle podium for awards ceremonies. A party for all will commence in the Legends building afterwards.

REGISTRATION: Drivers can register for the race online at www.DLBRacing.com. Drivers without internet access must complete a paper entry form and mail with entry fees to the Registrar, **Sharon Priep, 2824 Salisbury Blvd, Winter Park FL 32789**. Do not send entries by any type of mail method that requires a signature upon delivery. Make checks payable to Central Florida Region, SCCA. Second driver must submit separate entry form and \$40 fee. Driver's added, or changed, at the track, may be subject to the late fee. No driver changes will be permitted after 10:00 am Saturday. A Bank Service Fee will be charged for any check returned by the bank. A full refund of entry fees will be made if the entry is withdrawn prior to tech. If you do not go to Tech, you must notify the Chief of Registration, **BEFORE YOU LEAVE THE TRACK**, in order to receive your refund. If you have entered the regional and the Enduro, and withdraw from one event, you must notify the Chief of registration **BEFORE YOU LEAVE THE TRACK** in order to receive a full refund of the appropriate entry fee. Requests for refunds made after the event is over will be in the amount of the applicable entry fee, less \$40. Phone entries will not be accepted. Registration will be held in the CFR building located to the right of the main entrance to the raceway.

ENTRY FEE PAYMENT: Drivers who complete their registration online, via the DLBRacing.com website, will have the option of paying by check/money order, or by credit card at the time of registration. **Credit Card payment option is available only for those drivers/entrants who complete their registration online, via the DLBRacing.com website. Please note, for those opting to pay by credit card; from the date the event opens for registration through August 6th, charges will be processed to your card immediately. For credit payments made after August 6th, through the date of the event, charges will be processed to your card following the completion of the event. Credit cards will not be accepted for drivers submitting paper entries, or for entries received at the track.** Entry fee payments for online registrants opting to pay by check, are requested to send their entry fee to the registrar within 7 days of completing online registration. Entry fee for Enduro includes up to 3 drivers; additional drivers are \$40 each.

Exception Entries: Are late entries; those for which entry fees have not been received by the registrar prior to arriving at the track; drivers without valid competition license in hand requiring verification with National office; drivers requiring car or number changes. Basically, if you have to do anything other than sign your name, you are considered an exception driver.

PASSES: Each entry receives passes for working crew, primary and additional drivers, including the entrant. Guests of the region may receive their VIP pass at the membership window. VIPs are not allowed in hot areas. Staff, guests, & crew must sign for their own passes and must arrive while registration is open. SCCA members (non-participants) must present a valid membership card for admission. Staff and members are limited to one guest each. Worker license and membership card must be presented at registration.

SUPPLEMENTARY REGULATIONS Continued

DRIVER ELIGIBILITY: Drivers must be a member of the SCCA and have a current SCCA Full Competition, SCCA Pro or FIA Grade A, B or C Competition license or a valid SCCA Novice Permit to participate in this event. Drivers meeting the requirements of GCR Appendix C.2.8.B, Equivalent SCCA Full Competition License, will be accepted. A SCCA Vintage license is acceptable only for the Vintage group. If you do not have the proper credentials it is your responsibility to contact the Registrar prior to the event.

CAR ELIGIBILITY: Competition is open to all cars conforming to the GCR, as amended. IT7, IT7R, CF, SPO, SPU, SMSE, MXP, and ITO will compete under the SEDiv approved rules. ALL CARS ARE REQUIRED TO USE PROPERLY FUNCTIONING AMB TRANSPONDERS.

ISE30 class: BMW Cars from a racing series for non M E30Cars produced between 1987 and 1991. At a minimum, these cars must conform to the safety requirements of the IT category, and drivers shall have a copy of their car preparation specification in their possession

R1 & R2 Classes: For cars eligible to compete in sanctioned competition other than SCCA, but for which there is not an existing SCCA class. The cars must conform to the safety requirements of the IT category as a minimum. The cars must use DOT tires. The distinction between R1 & R2 will be determined solely by engine displacement. R1 will be for cars 2.8 liters and larger. R2 will be for cars with displacement less than 2.8 liters. Eligibility of a car for R1 or R2 will be at the discretion of the organizers.

GTT Regional Class: GT Race vehicles, similar to GTA, but with truck appearing bodywork from the Southern Pro-Am Truck Series. Series Rules are located at <http://southernprotrucks.com/>. Trucks must meet all applicable safety rules from the GCR, Section 9.3, **GENERAL TECHNICAL AND SAFETY SPECIFICATIONS**, starting on Page 86. Drivers must meet driver requirements as listed above in the **DRIVER ELIGIBILITY** paragraph of these Supplemental Regulations. **VEHICLE LOGBOOKS;** Each vehicle shall have a complete and up-to-date SCCA issued logbook per GCR 9.2.1. Each competitor must have a copy of their series rule in their possession

Improved Touring – EZ Regional Class; The purpose of IT-EZ is to create a regional class where cars built for ChampCar (ChumpCar), or similar endurance racing series will have a place to race on an SCCA Regional race weekend. As opposed to any other class of SCCA road racing, IT-EZ competition is designed as a “fun run” class, without regards to balance of performance, or classes within the series; class distinctions within the various series will not be enforced. IT-EZ is designed to provide a way for drivers to earn an SCCA racing license and race in regional competition, with the absolute lowest cost vehicle. Drivers must meet driver requirements as listed above in the **DRIVER ELIGIBILITY** paragraph of these Supplemental Regulations. Waivers will not be considered or granted in areas regarding safety of vehicle or driver. Decision of officials with regard to safety elements are final and not protestable. GCR 9.3.6. APPEARANCE NEAT AND CLEAN, will be waived for this class. IT-EZ vehicles may race with minor prior accident damage, as long as that prior damage does not create a danger to the driver of that vehicle, fellow competitors, or course marshals. Non-functional additions to vehicles, whose primary purpose is to express creativity or a theme, are not allowed. **IT-EZ eligible vehicles** must be a “mass produced,” gas or diesel powered, four-wheel passenger car. Must meet or exceed safety requirements of GCR Section 9 for IT cars. Minimum weight of 1800 pounds and a maximum weight of 3500 pounds and a production-based engine. Tires must conform to applicable Improved Touring rules, i.e., must be DOT rated tires, 130 (“H”) mph rated or faster. Wear-dated tires are not mandated, but they may be used if the racer prefers. Preparation regarding brakes, suspension, and engine must meet either Chumpcar/Lemons/Other series type rules or SCCA Improved Touring rules. Logbooks will reflect meeting IT safety rules, and driver safety rules for competition. Eligibility of a vehicle for ITEZ will be at the discretion of the organizers. Points or trophies will not be awarded.

VINTAGE: Cars must comply with CFR 2018 regional vintage competition rules and GCR requirements for Vintage Cars. Drivers must comply with vintage participant conduct guidelines. All Drivers must have a valid SCCA membership, together with one of the following competition licenses: a SCCA Novice Permit, SCCA Full Competition, Pro or SCCA Vintage. Other Vintage racing licenses may be acceptable if approved by the SCCA.

Car Numbers, SARRC & ECR Designation: Numbers, class designations, SCCA & ECR decals will be placed and sized according to the GCR and ECR rules. ECR decals must be displayed on each side of the car. **SARRC DESIGNATION:** SARRC patches must be worn on the driver’s suit above or below the SCCA patch or in the same area on the side opposite the SCCA patch. SARRC decals must be displayed on each side of the car.

COMPETITION NUMBERS: SEDiv numbers will receive priority assignment when possible, depending on class groups, for entries received by the registrar by **August 22, 2018.**

TECH: ALL DRIVERS must present a completed tech card and safety equipment as required by the GCR to tech. Vehicles in need of annual inspection, as described in the GCR must also be presented to tech.

ON-COURSE DRIVER CONDUCT; All on-track body contact, including contact during drafting, that causes a car to act erratically and result in a change of position or a car leaving the course, will be investigated. The drivers and cars involved must stop at the Black Flag station at pit lane Central for review of the incident by the stewards before entering the Paddock.

EVENT SCHEDULE/RUN GROUPS: The event schedule or run groups may be changed at the discretion of the Chief Steward, with concurrence by the Race Chair, depending on pre-race entry counts or as needed to accommodate situations that may be encountered during the event. If changes are made prior to the start of the event, as much notice as possible will be given to all affected competitors.

RADIO FREQUENCIES: CFR is now a digital network. **Race control is rebroadcast on 464.675 or 469.675 for scanners.**

SUPPLEMENTARY REGULATIONS Continued

SOUND CONTROL: Sebring has Waiver for Sound; readings, if taken, will be posted at the base of the T&S tower.

INSURANCE: Participant insurance will be provided in at least the minimum amounts required by the SCCA.

COURSE: Sebring International Raceway is a 3.7-mile road course. Pit and paddock will be located on the 12-hour side. Absolutely no unauthorized access to the course after hours will be permitted. **Drivers failing to negotiate Turn 15 must slow before entering Turn 16 as to not gain advantage; may incur a penalty from the Operating Steward.**

PIT LANE: Pit lane speed shall not exceed 35 mph. Violators may be penalized. ***Pit lane timing for Enduro pit stops will be in effect.***

QUALIFYING/GRID POSITIONS: Cars will be gridded for the Saturday Sprint race based on the fastest time recorded for the car and driver during the Saturday qualifying session. The Car/Driver combination will be gridded for the Sunday Feature races based on the fastest time recorded during either the Saturday qualifying sessions or the Sprint race. Grid position is earned and assigned on the car/driver combination; second drivers without a qualifying time must start from the back of the grid.

TES/ECR IMPOUND: The first Three (3) class finishers for the ECR/TES for the 1st 3-hour segment and the end of the 6-hour race **must** report to impound immediately following the completion of their races. Cars will be impounded for a minimum of thirty (30) minutes, or until released.

SARRC IMPOUND: The first three (3) finishers in each class for the SARRC Feature races **must** report to impound immediately following the completion of their races. Cars will be weighed and impounded for a minimum of thirty (30) minutes.

CONTINGENCY PROGRAMS: The results from the Feature races will be considered to be those included in any contingency program.

SCALES: Available from 10:45am-1:30pm Saturday. Scales may be made available at other times at the discretion of the Chief of Tech.

PACE/SAFETY CAR: In addition to GCR 6.6.2., the field shall follow the PACE / SAFETY CAR as long as its emergency lights are flashing, even if it varies from the normal race course.

RESULTS: Qualifying, provisional and final results will be posted at the base of the Timing and Scoring Building. Drivers may obtain a copy of the final results from TECH. Final results will be posted to the CFR website, www.cfrscca.org, no later than 7 days following the completion of the event.

TROPHY: Trophies will be awarded to first place class finishers for Sprint races, and in accordance with the GCR and SARRC rules for the Feature, and TES/ECR Enduro. Vintage participants will not be awarded trophies but will receive a memento of their participation. Location of trophy pickup will be announced. Trophies may be distributed based on provisional results.

PROVISIONS: Camping is allowed in the paddock on Friday and Saturday nights. Water and electricity are available in limited areas of the paddock. A charge for electric connection will be assessed. Fuel will be available at the track.

TIRE VENDORS; For Goodyear contact SCM at (336)884-0328; for Hoosier; Appalachian Race Tires-(865) 681-6622
Do not leave used tires at the track.

Trackside Sales and Services; Radios, Bell products, and HANS, email George@tracksidesalesandservice.com, or call (813) 842-8093

SPEEDCOM Communications (813) 842-8093

Paddock: Do not park parallel to main infield roads. Failure to follow the direction of the Paddock Marshal or CFR Race Officials regarding paddock parking or activities may result in expulsion from the facilities.

EMERGENCY CALLS: CFR has an emergency number at the track (863) 655-3033. In case of emergency and you cannot reach this number, call the Highlands County Sheriff Office at (863) 385-5111. Inform the Sheriff's office that the party you need to get in touch with is at Sebring International Raceway.

GENERAL RULES: The consumption of alcoholic beverages in the general facility is forbidden until all racing activities for your group have concluded for the day. Entrance to the Legends enclosed social facility, after 5:00 pm, is limited to attendees whose racing activities have concluded for the day. Working pit lane crews are not allowed entry until their Enduro is complete. ATV's, bicycles and other motorized vehicles are permitted in certain areas provided they are used in a safe manner and operated ONLY by licensed drivers. Skateboards, skates, rollerblades, are NOT permitted. No person will be admitted into the raceway without the proper credentials. Absolutely NO bedding new brakes or testing of cars on infield roadways will be permitted. Violations will result in immediate ejection from the premises. This penalty will be enacted for all offenses, with zero tolerance. The raceway gates will not be opened until 5:00pm Friday. You must leave the premises no later than 3 hours after the last checker drops on Sunday.

No Unmanned Aerial Vehicles (UAV) of any type may be employed by Participants/Guests at CFR events without specific SCCA and FAA approval

SARRC POINTS WAIVER

This form is to be used by any driver who is entered in a South Atlantic Road Race Series (SARRC) Regional race and wishes to waive points for the event. By properly completing this form, the driver agrees he is waiving his finishing position and all points for the race. The results for the race will show that a waiver was filed. All drivers finishing in a lower position will be moved up. The driver will receive a credit for the race for license renewal purposes.

The applicable SARRC rule is:

7.6: A driver may waive points for any SARRC race except the SIC. The driver must notify the Chief of Tech in writing and execute an impound waiver request prior to qualifying for the SARRC race. This waiver must be approved by the event Chief Steward or his designate. The driver waives a finishing position and all SARRC points.

1. This waiver must be completed by the driver prior to qualifying and signed by the Chief of Tech or designate.
2. Tech will file this waiver with the Chief Steward or his designate for approval. The Chief Steward will advise tech if the car is to report to post race impound and so note.
3. The Chief Steward will deliver this waiver to T & S and be responsible for insuring that results properly reflect the waiver.
4. A copy of the waiver will be retained by T & S for later verification.

This section must be completed by the driver:

I, _____, SCCA license # _____, driver of car # _____ class _____ at the SARRC race held at **Sebring International Speedway** on the date of **September 3-4, 2016** agree that by signing this form, I am filing waiver pursuant to GCR provision 5.9.3.D. Specific reason for filing the waiver;

_____.

By signing this waiver, I agree to:

1. Waive my finishing position
2. Waive all SARRC points
3. Waive any trophy that I may have won for my finishing position. I understand that I will be required to present my car at post race impound unless specifically waived by the Chief Steward and noted below.

Driver Signature _____

Tech Inspector _____

Time filed _____

Steward _____

Driver required to appear at post race impound Yes ___ No ___

Chief of T & S _____

Note for T & S. Please list the driver as waiving points. The recommended way is to add the letter W to the class, example WGT-1 or WSM. Thus, the car will appear on the results in the final overall finish position but with a position in the waived classes, i.e., 5th overall and 1st in WSM or WGT-1.

18-TT-5872-S

The Following regulations pertain to the Unrestricted Time Trials only **IMPORTANT: BRING YOUR TIME TRIAL PARTICIPATION LOGBOOK WITH YOU TO REGISTRATION**

REGISTRATION: Drivers can register for the event online at www.DLBRacing.com. Drivers without internet access must complete a paper entry form and mail with entry fees to **Sharon Priep, 2824 Salisbury Blvd, Winter Park FL 32789**. Make checks payable to **Central Florida Region, SCCA**. A Bank Service Charge will be charged for any check returned by the bank. Phone/fax entries will not be accepted. Do not mail entries/checks by any method that requires a signature upon delivery. PDX Instructor credits will be accepted at registration.

LOANER HELMETS WILL NOT BE AVAILABLE

Eligible Entrants: This Time Trials event is open only to Unrestricted SOLO participants. A driver that meets the following criteria falls into the TT SOLO category: he/she holds 1) an SCCA Competition License; or an SCCA Time Trials License; or a history of tracking events with other SCCA recognized organizations such as PCA, NASA, CHIN, BMW, PBOC, etc. (must have prior approval by the Chief Driving Instructor) or 2) has an SCCA TT log book that indicates the ability to "SOLO". All participants must be 18 years old or older. Must have a valid driver's license issued in their state of residence. Entrants must be a current SCCA member or purchase a weekend membership at registration. If you have an SCCA Time Trials log book, you must bring it with you to registration.

Entry Limit: Entries will be limited to 55 total cars.

Vehicle Eligibility: Vehicles required to have roll bars/cages per their eligible/potential SCCA class must have a restraint system as noted in the Time Trials/Hill Climb Driver Rules. All vehicles must comply with all minimum current SCCA Unrestricted Time Trials safety requirements including, but not limited to, tires rated for a minimum of 118 MPH without visible safety defects and a minimum of a 3-point safety belt/harness (OEM is OK) for both driver and passenger seats to accommodate an in-car instructor (if required). The use of "race" tires is permitted for Advanced participants only.

Most GCR, SIR, TT or Rally vehicles are eligible to enter the Unrestricted Time Trial and must meet the safety requirements for the class for which they are eligible. **Exception:** Open wheel and sports racer competition type vehicles are not eligible to participate in this TT nor are high center of gravity (HCG) vehicles such as SUVs, pick-up trucks and vans.

Legal street licensed vehicles are also eligible to enter this TT as long as they comply with the safety rules governing this event. Window netting and arm restraints are waived for these vehicles. Street driven and legally licensed vehicles do not have to meet Roll Bar/Cage requirements set forth in the Time Trials Rules (TTR) (page 3) except as noted herein.

Legal street licensed convertibles/Targa/T-top vehicles shall have: 1) an OEM hard top secured at the OEM attachment points, or 2) have and can verify OEM rollover protection, or 3) have an aftermarket 4-point roll bar meeting Time Trial Roll Bar Specifications as noted on page 3 of the TT/HC Driver Rules. Legally street licensed convertible/Targa/T-top vehicles **utilizing OEM seat belt/shoulder harnesses** that have marginal driver height issues relative to roll bar height may be acceptable if the roll bar is as high as the soft top/removable panels will allow (when up). However, a final decision will be made on this issue by Tech and/or the Chief Steward and is subject to their approval.

The use of on-board timing systems of any type is **not permitted**.

The use of any **cameras**, video included, are generally restricted to "in-car" attachment as recommended by their manufacturer in a secure manner. Exterior camera mounting must be attached firmly to an exterior body part. Suction cup and two-sided tape attachment points **will not** meet this criteria. In addition, a safety lanyard to prevent total disconnection from the vehicle is required.

Tech Inspection: will be held at the track at the times and areas noted in the event schedule. It is strongly recommended that TT entrants have their vehicle "teched" on Saturday. You must take your vehicle, along with your tech card, completed Pre-Tech form, **GCR/TT Logbook** and your helmet to Tech. This includes anyone with an Annual Tech.

Entrants: Entrants must register and receive their event credentials prior to track entry. It is recommended that sign-in Registration be done on Saturday. Registration is conducted in the CFR building, accessible via Gate 3. While on course, all entrants/participants must wear a helmet, meeting, as a minimum, **Snell M2005 rating**. All occupants of the vehicle must wear a **sleeved shirt and long pants as well as appropriate footwear** covering the entire foot. No open shoes or sandals.

Drivers Meeting: All entrants **MUST** attend the driver's meeting on the grid just prior to the start of the first PDX session. The time and location are noted in the schedule. Failure to attend this meeting may disqualify the entrant from participating in the TT event and their entry fee will not be returned.

Numbers, Classification of Vehicles and Timing: Numbers must be on both sides of the vehicle, be legible and be at least 8 inches tall with a 1.5-inch stroke and in a contrasting color to the vehicle. There will be no designated classes for this event nor will there be any "timing" of a vehicle during the event. If completing paper entry, please provide three number choices.

Flags: Flags for driver notification will be as noted and discussed at the Drivers Meeting. Failure to respond to a flag notification could cause an entrant to be prohibited from completing the remainder of the event.

Off Course Excursions and Spins: Any vehicle leaving the paved course area with more than two wheels or spinning on course shall proceed safely to the Pit Area for discussion with event officials and/or vehicle inspection after receiving directions to proceed from a flag station.

Time Trials SUPPLEMENTARY REGULATIONS Continued

Driving Sessions: Sessions will be as noted per the schedule and will be approximately twenty minutes in length. It is the driver's responsibility to be ready in the Grid area at the scheduled time. Failure to be ready per the schedule may cause the entrant to be prohibited from participating in that session.

Instruction: Flag Station personnel or on-track instructors/observers will observe all entrants. At the discretion of the CDI or Chief Steward, entrants may have an Instructor riding with them.

Passengers: With the exception of an assigned instructor or the Chief TT Driving Instructor, passengers will not be permitted to ride along with TT entrants, unless otherwise approved by the TT CDI or Chief Steward.

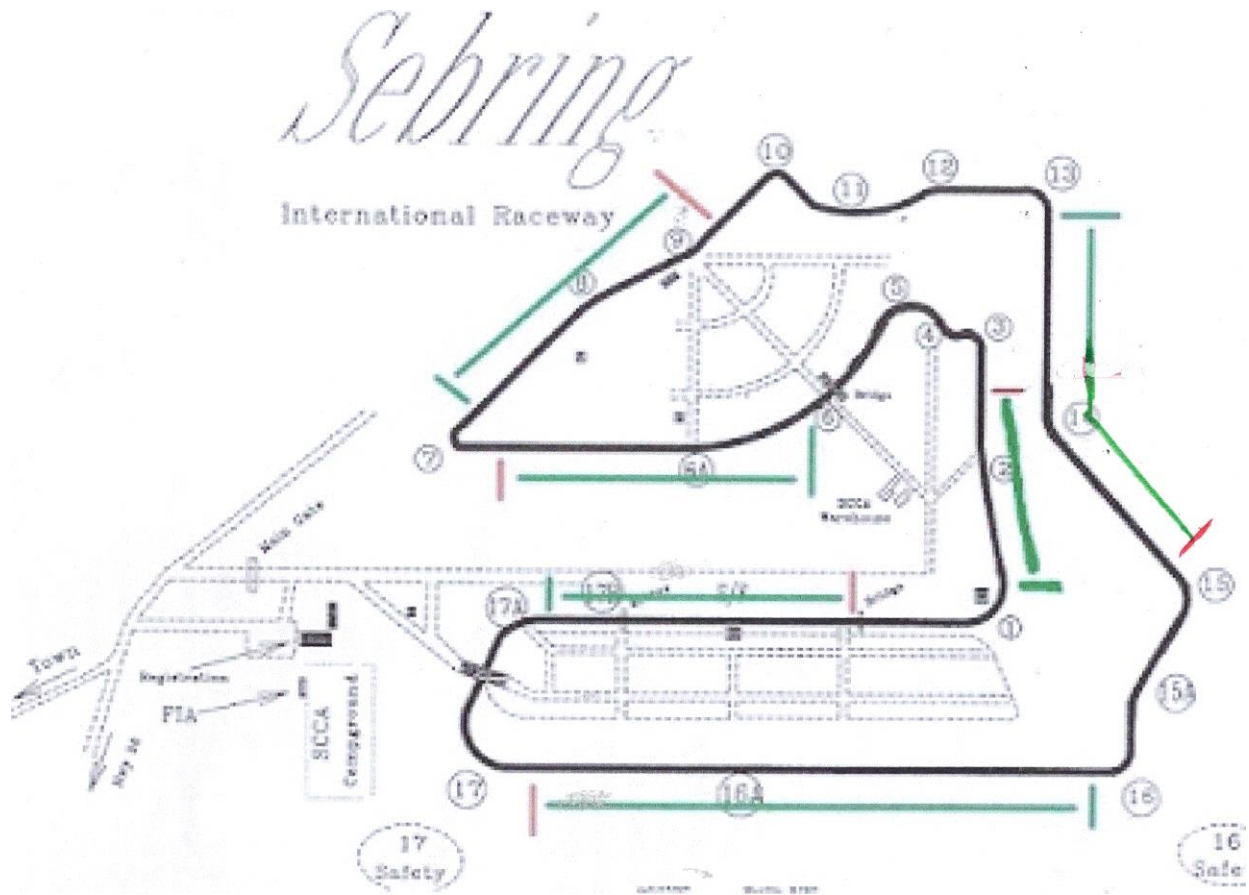

Passing: Passing will only be permitted in the designated passing zones as noted on the course map and only after the driver of the overtaken car acknowledges with a hand signal that the overtaking vehicle may pass. The overtaken driver shall indicate on which side of the vehicle the pass should occur. The "passing zones" will be designated with traffic cones just off the edge of the pavement, drivers left: GREEN to designate the beginning of the zone and ORANGE to designate the end of the zone. All passes must not be started before the GREEN cone and must be completed by the end of the designated zone marked by the ORANGE cone. Slower vehicles must allow faster vehicles to pass in the designated zones. Failure to adhere to these passing procedures may result in a Black Flag given to either driver.

Disabled Vehicles/On Track Flat Towing: If a car stalls on-track or close to the track, it usually will involve a "Black Flag All" situation and everyone will be required to enter the Pits until the vehicle is removed. To make that delay shorter so that the session can continue, if you have a newer car that has a removable tow hook(eye), please install it before entering the track. If you have an older vehicle that does not have this capability, please look at your vehicle and determine where a tow rope can be attached to the front of your vehicle so that flat towing can be accomplished quickly. Please note that CFR SCCA and the track towing personnel are not responsible for any damage to your vehicle if it becomes necessary to flat tow your vehicle or remove it from a barrier. Knowing where a tow rope can be attached beforehand and safely to avoid damage to your vehicle is therefore very important.

"This is an Unrestricted Time Trial, not a race. We want every driver and every car to go home in the same condition as when they arrived. Do not follow the car in front of you too closely. You should not be any closer than a minimum of 1 1/2 or 2 car lengths from the car in front of you except when passing. It simply is not beneficial to get any closer and "dive bombing" a car, attempts to intimidate the driver in front of you by being close and race car/NASCAR type drafting is strictly forbidden. Failure to follow this safety directive will result in you being "black flagged" and you may lose track time and/or be asked to leave the facility without return of your entry fee."

Time Trials SUPPLEMENTARY REGULATIONS Continued

There are six (6) passing zones.

Passing: Passing will only be permitted in the designated passing zones as noted on the course map and only after the driver of the overtaken car acknowledges with a hand signal or directional signal that the overtaking vehicle may pass. The overtaken driver shall indicate on which side of the vehicle the pass should occur. The "passing zones" will be designated with traffic cones just off the edge of the pavement, drivers left: GREEN to designate the beginning of the zone and ORANGE to designate the end of the zone. All passes must not be started before the GREEN cone and must be completed by the end of the designated zone marked by the ORANGE cone. Slower vehicles must allow faster vehicles to pass in the designated zones. Failure to adhere to these passing procedures may result in a Black Flag given to either driver.
