**Hoosier SCCA Super Tour
Sebring 2019 Drivers Meeting**

Welcome to Super Tour 2019! We had a fantastic Sebring in 2018. Drivers and workers put on a well-run and very safe event. Most of us would do well to duplicate it. ☺

Our goal this weekend is lots of green flag laps. There are some things you can do to help that. Please take a practice lap to really notice where your outs are in case you become disabled over the course of the weekend. There are tons of good outs around Sebring, many of them driver's right and almost always marked by orange cones. There are even breaks in the wall on the back straight that are also marked by cones. Using them might allow a session to continue.

During races, clean ups under FCY can be shortened by as much as two laps if our race leader assumes the role of safety car and backs it down to pace lap speed. It is then up to the field to safely catch up as soon as possible being especially mindful of the incident zone. 2018 saw some race groups do absolutely amazing jobs of getting themselves under control and facilitating cleanups.

Contact is an area where we need to continue to work together. Super Tour enjoys a great on-track culture of hard driving with respect. Still, stuff occurs. If you have significant contact, the rules put it on you to report to the stewards. I think you know that's not the end of the world, it's most likely a brief conversation. We acknowledge that some stuff happens out there that doesn't bother you, and we don't make it our job to let bother us. We do follow up on all of it though, because sometimes it does bother you and that's when we need to know about it. Please help us expedite our post-race work by checking in about contact, even if it's to say that you don't have an issue. It saves us lot of time and we appreciate it!

Yellow flag response and slowing significantly seemed to work itself out for the most part by the end of '18. Acknowledging the flag with a wave goes a long way to satisfying the corners that you know what's going on.

As in '18, penalties for obvious passing or failing to slow significantly under yellow, and for one-sided contact, will be served at the Black Flag Station. If you get one of these, there were two witnesses and it seemed clear cut to them. Usually, you'll agree. If you feel it's in error, don't argue with the messenger at Black Flag. Just come see us in Impound. We are happy to look at your video or other evidence and tear it up if appropriate. This way tends to be faster for most concerned.

As always, if there is anything, we can do to enhance your weekend, please let us know.

Please thank the workers!
